Dear Copyright Agent,

The following is a DMCA notice.

I obtained the images in this notice by doing a yandex.ru image search. Then I clicked on some of the thumbnails. After that I utilized Yandex's "search by image" option, to obtain more infringing thumbnails. Every image of a model that is not covered up is copyrighted by Perfect 10 and is infringing those copyrights. This notice identifies infringing images of models. Non-model images such as trees, ads, etc., are not alleged to be copyrighted by my company.

This notice was created using Adobe Acrobat professional which stores all of the links on the webpage. Such links (URLs) may be copied (when they have not already been clicked on) by right clicking on the link (or image) and selecting Adobe's "Copy Link Location" option. When they have already been clicked on, clicking on the image (or link) will take you to the page to which they linked. In other words, this notice provides not only the complete image URL for each image, but also the complete web page URL for each image (the URL of the web page to which the image links).

As an illustration, if you click on the top left image on page 3 of this notice, you will be taken to page 4 of the notice, which is the Yandex-created page to which Yandex linked the clicked on thumbnail. The browser bar at the top of page 6 of this notice has the complete image URL of the image that was used to generate the infringing images that appear on pages 6-8 of this notice using Yandex's "search by image" option. If you place your cursor on the first larger image that appears on page 6 of this notice, you can view (and copy) the image URL for that image, which is <http://pics2.pokazuha.ru/p442/y/l/1608529qly.jpg>. If you place your cursor on the URL in green to the right of that image, you can view (and copy) the web page URL for that image, which is http://www.pokazuha.ru/view/topic.cfm?key_or=376716&lenta_type=4.

At the very end of the notice, I have attached authorized copies of a number of the infringed images.

Perfect 10 owns exclusive rights to all of the images appearing in this notice. Under no circumstances is anyone other than Perfect 10, including Yandex, authorized to copy, display, link to, host, or place ads around, any such image of any size.

In general, under no circumstances is Yandex authorized to copy, display, link to, or place ads around, any image that displays a Perfect 10 copyright notice. Please use your obviously sophisticated image recognition capabilities to remove all images which display Perfect 10 copyright notices from your image search results, your servers, and please stop placing ads around such images.

512(c)(3)(A)(v) use
is not authorized
by copyright holder

I have a good faith belief that the use of the Perfect 10 copyrighted material in the manner complained of in this email is not authorized by the copyright holder Perfect 10, its agent, or the law. The information in this notification is accurate. I swear under penalty of perjury that I am authorized to act on behalf of Perfect 10, Inc. the owner of the exclusive rights in the material which is being infringed.

512(c)(3)(A)(vi)
Information is
accurate and
authorized to
send notice

Please contact me if you have any questions at all about this notice. If I do not hear from you in five days, I will assume the notice is compliant under the DMCA. If you do not believe that this notice is compliant, please provide me with what you believe constitutes a compliant notice for this situation. If there is some other email address that you want DMCA notices sent to, please provide me with that email address.

Sincerely,
